Your Treatment Program

You contact AMC

A Patient Care Coordinator calls you to take a brief medical history and to arrange your 1st free consultation with the Doctor

The Doctor calls you at the agreed appointment time. Doctor will assess your medical history, discuss your symptoms and may prescribe a course of treatment

You will then speak with the Doctor's assistant who will discuss next steps and get you started on the path to feeling better

Medication will be compounded at the pharmacy for your personal requirements and couriered to your door

You will receive a welcome call from the Patient Care Team at the time arranged by the Doctor's Assistant. All further questions or requests will be handled on this call. You will be assigned a Patient Care Consultant who will be your on-going point of contact

Your personal Patient Care Consultant will be in regular contact to check on your progress, to schedule Clinical Reviews, and facilitate any necessary changes in, or dispensing of medication
